FINAL RESULTS OF THE SAN FRANCISCO ELECTION

With Loss of the Labor Support, McCarthy Goss Down to Defeat--New Mayor Will Handle Exposition Fund.

SAN FRANCISCO, Sept. 28.—Although returns of yesterday's election are as yet incomplete, they show beyond a doubt that ten municipal officials have been elected at the primaries, with James Rolph, Jr., leading P. H. McCarthy for mayor by about 21,000 votes.

District Attorney Charles M. Fickert failed of election, but has a small majority over Ralph Hathorn, his leading opponent. Both will contest again in November.

County Clerk H. L. K. Mulerey, Treasurer J. E. McDougal, Assessor Washington Dodge, Public Administrator M. J. Hynes, Tax Collector David Bush, Recorder Edmund Godchaux, City Attorney Percy V. Long and Police Judges Daniel C. Denny and Charles L. Weller were clearly victorious over all rivals.

In November Frederick Eggers and Thomas F. Finn will contest for sheriff; Thomas J. Boyle and John Lackman for auditor, and Drs. T. B. V. Leland and J. M. Toner for coroner.

Owing to the large number of candidates for supervisors, it is not yet known who will qualify, but it is expected Rolph will have a majority on the board.

The total vote unofficially was 78,900. Returns indicate that Mr. Rolph's total vote will be 49,500, McCarthy's about 25,000, and the socialists about 3000.

Under the new law a majority of the votes cast received by one candidate means his election. The election decides which mayor will welcome the world's fair guests at the 1915 exposition.

The Panama-Pacific exposition was the main stake in the election. As the city has voted \$5,000,000

for the exposition, the citizens have subscribed \$7,500,000 more.

The next mayor will hold office four years, and will have much to say as to the expenditure of those sums. The election officially was non-partisan, but McCarthy had the endorsement of union labor, while Rolph represented a coalition of the old democratic and republican parties. The labor regime has been in power, with the exception of one term, for years.

SAN FRANCISCO, Sept. 28.—There were no less than 174 candidates for supervisor, but only 36 will be on the final ballot. Mayor-elect Rolph issued a statement in which he says:

"With peace in our commercial family and united effort toward the accomplishment of a future, we are pledged to the world to realize, we San Franciscans will do more than is expected and shall make the name of San Francisco famous in history."

Mayor McCarthy, in a statement, says:

"The result of the election has demonstrated the fact that the great masses of the people have not fully understood the real issue nor appreciated the tremendous importance of the contest to them. Far from being discouraged or even downcast by the election, sponsors for labor's cause can discern in the future a more distinct victory than ever. When big business defeats labor, it merely postpones the day of universal enlightenment and the consequent reckoning for itself."

The mayor wishes his successor success.

**FINE COMEDY
AT THE BUTLER
THIS EVENING**

VITAGRAPH COMEDY AT THE
BUTLER THEATER FOR
TONIGHT.

Tonight at the Butler theater an excellent program has been arranged, with lots of comedy and two good dramas. "The Medicine Woman" is a Pathe story of an old Indian legend about two lovers. "Western Girl's Sacrifice" is an Esanay story of a western girl's love for an eastern artist. "Her Secret" and the "Fountain of Youth" are Lubin comedy pictures. "Handsome Man" is a Vitagraph comedy and is entitled to unstinted praise, for it is essentially one of the funniest and most comical of motion pictures.

The management wishes to announce that the new floor is in and stoves are up, so the theater will now be kept warm.

**NOVA SCOTIA HAS RECORD
FOR SPEEDY CONVICTIONS**

DIGBY, N. S., Sept. 28.—All records for speedy trials in this province have been broken here by the conviction of Harry Wilson, 35 years old, for the murder of his younger brother, George Wilson. The murder was committed less than a week ago. The trial was completed yesterday and the murderer was sentenced to be hanged a few hours later. Wilson had been drinking just before the murder. No motive for the act was brought out at the trial.

HELP THE PAPER.

Have you any news, tell the editor and he will serve it a la mode. In case you do not happen to meet him, use the telephone or the mail. You will be helping to make your town paper of greater interest and thereby serve the general community. Whatever news may interest you, must surely interest many others.

**GIRL THIEF
WAS NOT HELPED
BY SURGEON**

**OPERATION AT OAKLAND HOSPITAL APPARENTLY FAILED
OF ITS OBJECT.**

LOS ANGELES, Sept. 28.—Miss Alice Turner, alias Jean Turner, said to be the daughter of reputable and wealthy parents, was arrested yesterday charged with the theft of two purses in a local office building. The young woman admits that neither Taylor nor Turner is her right name.

The young woman was arrested for shoplifting in San Francisco a few weeks ago and was taken to a hospital at Oakland to be operated upon in an effort to cure her alleged kleptomania. Physicians announced the operation had been successful and the girl was released. The local police say they have a strong case against her.

**NUMBER OF
DEATHS IS 235**

TOULON, Sept. 28.—The latest official estimate places the number of Liberte dead at 235, wounded 160, dangerously wounded, 40.

There is considerable controversy over the cause of the explosion.

The theory that "B" powder exploded is generally accepted by Admiral Bellue, who has ordered that all ships in his command land immediately all powder served out to them before 1902.

TO PURCHASE TEAM.

LINCOLN, Neb., Sept. 28.—Negotiations for the purchase of the Lincoln baseball franchise in the Western league are said to have been completed yesterday. A. L. Button of this city is the reported purchaser.

Old newspapers for sale at this office—25c per hundred.

HERE DISPOSING OF NEWARK LOTS NEAR 'FRISCO

One of the finest investments that can be made today is the purchasing of a residence or business lot in the city of Newark, 20 miles distant from San Francisco. This city is destined to become one of the largest manufacturing centers of the Pacific coast. Its waterfront is an ideal one, there being a 65-foot channel depth for boats to dock. This alone is a valuable asset to the growing city of Newark. The Southern Pacific has purchased 500 acres for their bay divisions and machine shops. The Western Pacific has acquired a large acreage for their terminal grounds, etc., while the Key Route people recently purchased over \$500,000 of this land where shops, etc., will be constructed. The land is of a rich loam and will grow anything planted. Over \$2,000,000 have been invested in Newark lands during the past year and the city will soon contain a population of many thousands of people. Mr. H. H. Eaton and Mr. Henry Amigo are at the Mizpah hotel and will be pleased to show maps, literature and give a general information to the purchaser. The lots are very reasonable and quite a number of them were today purchased by Tonopah residents.

**HUNNEWELL WOMAN IS
AFTER CLEAN SWEEP**

TOPEKA, Kan., Sept. 28.—Attorney General Dawson yesterday began on proceedings against four members of the Hunnewell city council. It is alleged that they harassed and refused to meet with Mrs. Ella Wilson, Hunnewell's woman mayor.

NOTED CASE BEING TRIED.

The case of the Nevada Mining company vs. H. N. Morse is being heard before Judge Averill. The issue is to quiet title to the property in litigation. Two deeds were given to different parties by the locators, hence the suit. The property in dispute is the original Gold Park discovery ground, which was operated in the latter 70's by M. San Pedro and associates. S. E. Vermilyea and S. L. Carpenter appear for the plaintiff and United States Attorney Sam Platt represents the defendants. Many witnesses are here to testify in the case.

**JUDGE CUTS OFF
\$20,340 FROM THE
ARTISTS VALUATION**

LOS ANGELES, Cal., Sept. 28.—Art received a setback in city yesterday when the law lopped \$20,340 off the value placed by H. H. Cross, a San Francisco artist, on a half dozen oil paintings made by him for the late "Lucky" Baldwin. Cross brought suit against the executor of the Baldwin estate for \$22,150, but with the court oficiating as an art critic, the value of the paintings slumped to \$1810, which was the amount awarded.

The principal picture, for which Cross asked \$5000, showed Baldwin astride a charging buffalo. The court decided that \$240 was its commercial value. A stirring battle scene with Baldwin warring with redskins who had captured his daughter, the court decided was worth \$50.

PASSENGERS MAY RIDE ON CAR PLATFORMS

SAN FRANCISCO, Sept. 28.—The right of a railroad to bar passengers from riding on car platforms was denied yesterday by the supreme court in ordering a new trial of the case of George M. Pruitt against the San Pedro, Los Angeles & Salt Lake railroad. Pruitt and his son Walter were standing on a car platform in 1907, preparing to alight when the train suddenly was derailed and the son was fatally injured.

LARGE LIVE STOCK ASSOCIATION IS FORMED

The Pine Creek ranch, Hunt ranch and other ranches, and all cattle, formerly in the name of Marsh & Stimler, upon which the Tonopah Banking Corporation had instituted foreclosure proceedings, was today turned over to the Nye County Land and Livestock company, which company is owned by W. S. Johnson and W. A. Marsh.

All pending suits in court were settled, and W. S. Johnson was named general manager, with V. A. Marsh as assistant manager. Mr. Johnson will devote his entire time and attention to the business, and from the fact that both Mr. Johnson and Mr. Marsh are thorough stock men and have had many years' experience in that line, and combined with their energy, it will not be long before they will have the property in first-class shape in every respect, and from a ranch standpoint, one of the finest in the state.

Messrs. Johnson and Marsh yesterday left Tonopah in Mr. Johnson's new 40-horse-power Buick car for the Pine Creek ranch to begin operations on a large scale for their live stock company.

**GOVERNOR JOHNSON IS
FIGHTING FOR RECALL**

SAN BERNARDINO, Cal., Sept. 28.—Campaigning in favor of the proposed amendments to the state constitution to be voted on next month, Governor Hiram Johnson addressed a large gathering last evening on the initiative, referendum and recall.

SAID HE WAS GUILTY.

Officer Santos of Manhattan returned from Yerington this morning where he escorted Edward Mayfield, the person charged with selling liquor to a Piute Indian. When taken before a United States commissioner he pleaded guilty to the charge and Federal Judge Farrington, at Carson City, will do the rest.

HAVING A LOVELY TIME.

The county commissioners, sitting as a board of equalization, are having one of a merry time these days, listening to taxpayers who have just complaints.

**MADDENED MOB
BREAK INTO JAIL
AND LYNCHES MAN**

DUMAS, Ark., Sept. 28.—Breaking into the county jail here and overpowering the officers in charge, a mob of 100 men took Charles Malpass, Sr., a white man, to a water tank and lynched him yesterday.

The lynching followed a fight which took place late yesterday at the home of Malpass, in which Sheriff W. D. Preston, Deputy Sheriff Barney Steil and two Mulatto sons of Malpass were killed and Malpass seriously wounded.

The officers had gone to the Malpass home to arrest the two sons. Malpass' injuries were at first believed to be mortal, but when he was brought here and placed in jail his wounds were found not to be serious.

FEDERAL POSSE IN PURSUIT OF FLEEING SWINDLER

Dr. Lyman is Headed For the Siskiyou Mountains--Two Women Thought to be With the Fugitive Promoter.

SAN FRANCISCO, Cal., Sept. 28.

Dr. J. Grant Lyman, promoter and organizer of enterprises involving millions, is headed across the foothills for the Siskiyou mountains with a federal posse in pursuit.

With Lyman is L. B. Thornett, a hospital nurse who aided in the promoter escaping from an Oakland hospital where he was held by the federal authorities, Sunday night. Lawrence Galindo, the chauffeur who drove the two men to Sacramento, after the escape, has been arrested and has confessed. Lyman was arrested by postoffice officials in San Francisco on September 8 on complaint of Los Angeles investors in a Panama land scheme, who declared they had been swindled and defrauded of \$50,000. The promoter attempted to escape arrest and injured his knee, necessitating his detention at an Oakland hospital, pending his recovery.

It was learned that Lyman was known to exclusive social circles in several American cities that he had promoted various land, mining and development schemes and that on two other occasions he had been in trouble with the federal authorities.

The escape from the hospital involved the drugging of a nurse, C.

W. Courtwright, and a plot by which Thornett, a previous acquaintance of Lyman, was employed as a nurse in the hospital, according to the federal officials.

The promoter who, on account of his genial good nature, was allowed unusual privileges at the hospital, asked the nurses in charge, at 10:30 o'clock Saturday morning, to be allowed to go to the bathroom. An hour and a half later, when the patient did not return, the nurses investigated and found Dr. Lyman had disappeared, an open window revealing the method of his escape. United States Marshall Elliott immediately was notified and the police called in to aid in the search which may end today in an encounter between Lyman and Thornett, who are known to be armed, and the posse, consisting of United States deputy marshals, Shasta county deputy sheriffs and state police.

Lyman at the time of his escape used crutches. Whether the seriousness of his injury was exaggerated to aid in his intended flight, has not been determined, but he is of portly build and in bad health and, accustomed to luxurious living as he is, faces a desperate adventure in seeking safety in the inhospitable canons of the Siskiyou.

**WATER SERVICE
EXTENDED TO
SCHOOL HOUSES**

The school trustees have made arrangements with the county commissioners for a loan of \$300 from the city, for the purpose of laying water mains for fire and drinking purposes to the two school house buildings of Tonopah. The Tonopah United Water company, through its agent, Mr. Burnham, has agreed to donate 500 gallons per month for each school building. The trustees appreciate the gift of Mr. Burnham and would not of have hollered if he had given all the water used at the school buildings free. Think it over, Colonel, you may decide to do so after reading this article, every little helps along the cause of education. Work of laying the mains will commence at once.

**CIGARETTES
ARE BARRED AT
COLLEGE**

NOTRE DAME, Ind., Sept. 28.—The cigarette smoking student of the University of Notre Dame yesterday came under the official ban of the faculty. The sole penalty provided is suspension, according to notices posted on the university bulletin yesterday, and signed by the president, Professor Cavanaugh.

There was little protest against the new rule, cigarette users having prepared for it by buying pipes.

The non-smokers and athletic coaches greeted the order with joy.

ORE BODY DISCOVERED.

The Reno Journal prints a story to the effect that a highly mineralized ore body has been discovered under the dacite flow that has been in the way at Tonopah. The story, if verified, will make Tonopah the greatest camp that Nevada has ever known, as it extends the mineral-bearing zone into thousands of tons of ore that were hidden from view and believed to be lost to commercialism. As there is a considerable amount of Tonopah mining stock held in this city all such news is good news. It is hoped that the report will be verified in every particular.—Free Press.

**SENSATIONAL
CHARGES AGAINST
LUMBER TRUST**

DENVER, Sept. 28.—Sensational charges that the so-called lumber trust completely dominates the entire lumber trade of at least twenty states by maintaining a spy system, blacklists, division of territory and other alleged illegal methods, conducted through a central agency in Chicago, called the lumber secretaries' bureau of information, are made in another trust suit filed in the United States court here yesterday by the department of justice.

**SMALL BLAZE AT THE
EARLY MORNING HOUR**

At 1:15 o'clock this morning an alarm of fire was sounded by the tooting of a whistle. No alarm was turned in at the fire station, the department responding to the call from the whistle. The cause of alarm was the burning of an outhouse in the rear of the Arthur Barlow house, which is occupied by A. J. Cox. Five hundred feet of hose was laid and the fire extinguished. The small building was entirely consumed by the blaze.

BUILD UP; NOT TEAR DOWN.

When you pull down the town in which is your home, you are pulling down yourself, and when you build up you are building up yourself and your neighbor. Try and banish from your mind the mistaken idea that all good things are away off in some other locality. Give your town all the praise it can legitimately bear. It certainly will do you no harm and will cost you nothing; and above all, patronize your home institutions—including the Bonanza.

**PRAISES FOR MINE
INSPECTOR RYAN**

A miner of Ely writes an interesting communication to the Ely Examiner in which he pays a high tribute to Mine Inspector Edward Ryan, covering the latter's stay at the Grouse mine immediately following the fire in the mine. He says that the inspector used excellent judgment at all times in directing the work, and "whenever chances were to be taken, did not sit on top and give orders, but went right to the front and took chances like the rest of the boys."
